106 business ideas

We are blown away by the sheer quantity and quality of ideas emerging from this year's class of 150 students across 4 cities.

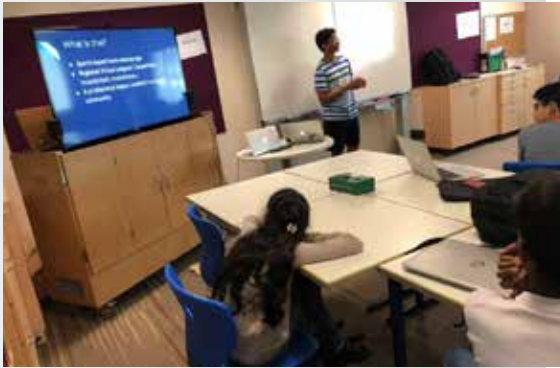

The ideas range from product to technology to creative social entrepreneurship solutions and most importantly, all ideas emerge from problems identified by our students, problems they feel passionately about!

In November, we brought in several mentors from consulting firms, private equity ventures as well as entrepreneurs to guide our students for the upcoming investor panels. Our mentors have spent several hours nurturing and guiding our enthusiastic students to have more effective slides, to refine their elevator pitch and to master their opening statements, we are very grateful for their time and support.

We continued exposing our students to inspiring entrepreneurs – Prashant Tandon, Founder 1 mg (Delhi), Swati Bhargava, Founder Cash Karo (Delhi), Dhaval Shah, Founder PharmEasy (Mumbai), Anjum Babukhan, Founder Glendale Academy (Hyderabad) and

Vishal Gondal, Founder GOQii (Mumbai). We had 2 field trips – a big thank you to Rohan Bhansali and Alok Sonker for hosting us at digital media firm Gozoop (Mumbai) and to Sadashiv Nayak for hosting us at Big Bazaar (Bangalore)

Most importantly we want to thank our 11-18 year old students who inspite of having a super hectic school schedule, lots of extra-curricular activities and so many other commitments, make it a point to show up Saturday after Saturday to work on their ideas, they inspire us with their dedication and commitment.

November Field Trips

Big Bazaar field trip, Bangalore

Gozoop Digital Media field trip, Mumbai
