YEA Season 2 begins

We are back !

Season 1 saw us in Mumbai and Delhi with 120 students from 30 different schools.

This year we have scaled to Hyderabad and Bangalore.

Our teachers, mentors, speakers and field trips promise to be as inspiring and exciting as last year.

What we are most looking forward to is getting to know our budding young entrepreneurs. Their hard work, creativity and drive pushes us to raise the bar for this initiative with each passing year. In addition to our incoming class, we look forward to hosting our alumni from last year at several events so that they can guide and network with the new students. We are also proud to sponsor students from Teach for India and Parikrama Foundation this year and look forward to a larger social impact as we scale further.

This newsletter highlights the Hyderabad class which started on 15th July and the Delhi class that started on 22nd July.

Inaugural classes for Mumbai are on August 5th and Bangalore commences on August 12th.

We look forward to sending you monthly updates so that we can share glimpses of our journey.

We would sincerely like to thank YEA! USA team, especially Gayle Jagel for their continued guidance and also our India partners - The Cathedral School, The American School of Bombay, The Shri Ram School, The Glendale Academy and The Bangalore International School for their support. We feel honoured to be associated with such reputed and established education institutes !

“The only way to be truly satisfied is to do what you believe is great work. And the only way to do great work is to love what you do. If you haven’t found it yet, keep looking. Don’t settle. As with all matters of the heart, you’ll know when you find it.”
